Product Description

Carolina Grapples HD68 Heavy Duty Rake Grapple

500 lbs

our Heavy Duty Rake Grapple is an excellent implement for the tree industry, contracting industry, farm industry, scrap industry, demolition industry, and grading industry. Our Heavy Duty Rake Grapple is essential for storm damage clean up. The Heavy Duty Rake Grapple is superb for moving logs, brush, rocks, or just about any type of debris. All of our rake grapples are built with top quality AR-400 steel and comes standard with 1 inch pins and bushings at all hinge points. All of the hydraulic lines on our Heavy Duty Rake Grapple are routed inside of the square tubing for added protection from tears from debris.

WE DO NOT SHIP ATTACHMENTS
