Product Description

Ironcraft: Standard-Duty Pallet Forks

Anyone that owns a skid steer should have a set of forks on hand. Forks are ideal for lifting pallets, loading lumber or just about anything else. Our forks are 1-3/8 inches thick, 4 inches wide and 48 inches long. They are heat treated and rated to carry 4,000 lbs. We put a step on both sides of our frames so the operator can easily climb into the cab. Euro Style and John Deere mounts are available.

Notes: Steps on both sides of frame.
