### **Product Description**

## **Kioti CS Series CS2510 HST Tractor with Loader and Sub-Frame - CS2510HB-SB**

With SL2410 Loader

- Fuel-efficient KIOTI 3-cylinder diesel engine with smooth-shifting hydrostatic transmission for optimal control. Standard differential lock ensures traction, while rear and mid PTOs and a category I 3-point hitch lets you attach a variety of implements with ease.
  - Factory-installed, climate-controlled cab featuring heat and ac, premium suspension seat, wide operator station, increased storage and reduced noise and vibration.
  - The standard mid PTO (2,200 rpm) allows you to use implements such as a mid-mount mower.
  - Single-lever engaged 4WD is standard on the CS2210 tractor.
  - The HST with HI-LO range lever allows the tractor to overcome a wide range of load tasks. The rear PTO and mid PTO can be controlled separately or together with a simple in-line shifting lever. The height adjustment lever allows the operator to easily control the mid-mount mower grass cutting height.
  - Twin HST pedals offer easy forward and reverse movement with smooth engagement, acceleration and deceleration. Pedal pressure is minimized which reduces operator fatigue during long hours of use.
  - Infinite 2-range hydrostatic transmission for effortless control, twin pedals for intuitive forward and reverse movements, seamlessly adjusting speed without ever touching a clutch.
  - The standard fold-down roll bar allows you to move into low clearance areas quickly and easily.
  - The ergonomically designed workstation places operator controls within easy reach for maximum comfort.
  - 55W lamps are the brightest in this tractor's class.
  - Single-lever engaged 4WD is standard on the CS2210 tractor.
  - The dashboard illuminates when the engine is started. The digital gauge package includes tachometer, fuel and temperature gauges along with a low fuel warning lamp.
-
