Product Description

Carolina Grapples CRG54 Compact Rake Grapple

285 lbs

The Standard Duty Rake Grapple is specifically designed for smaller compact and sub-compact tractors. It features a lighter design yet is sturdy and durable enough for the toughest jobs. This grapple has dual top tines and cylinders that allow tight gripping power. Made with top quality AR-400 steel. It features 1-inch pins with grease fittings and bushings at all pivot points. The cylinders come with heavy-duty cylinder covers for extra protection.
